The city contracted Jacobs engineering to develop a conceptual design for the new city hall plaza to include a) a new city hall structure b) a cultural green space and c) a new parking garage.

Jacobs is here this evening to present their conceptual plan for the new city hall plaza.

The City Manager is requesting the City Commission to direct staff on a path forward for the new Cocoa Beach city hall plaza project.

- 5. BACKGROUND: (WHY IS THE ACTION NECESSARY, WHAT ACTION WILL BE ACCOMPLISHED, (WHO, WHERE, WHEN & HOW))**

The City of Cocoa Beach (city) has been utilizing the existing city hall complex since the early 1960's.

The complex traditionally housed city hall staff and the police department.

The building is undersized, lacks necessary spaces and has fallen into disrepair.

The city recently completed the construction of a new police department and is proposing the construction of a new city hall plaza.
